

Reggio Emilia Provocations

# Melbourne Conference

29th June - 1st July 2023

RE Provocations is offering a tour to Melbourne to attend the Reggio Emilia Australian Conference

## **LANDSCAPES of Curiosity and Creativity**

### ***In dialogue with the 100 Languages***

Melbourne Convention and Exhibition Centre

## Reggio Emilia Australia Information Exchange

*Research for a new culture of childhood*

We have taken other tours to the Australian Biennial conferences and participants have thoroughly enjoyed the presentations and the opportunity to gain a deeper understanding of the Reggio approach to teaching and learning. This conference is a great professional learning opportunity featuring engaging speakers from Reggio Emilia, other overseas speakers and inspiring centre visits.

We invite you to join us in Melbourne for 3 days, as we reconnect with our shared purpose and re-think the relationship between our values and practices, with children's creativity and curiosity as our focus. This event brings both Australian and International delegates together to uncover new understandings of the strategy of the 100 Languages as a catalyst for change.

This conference, planned in close collaboration with Reggio Children, will be a rich and invigorating experience as we excitedly welcome the return of our esteemed friends and colleagues from Reggio Emilia, supported by a collection of presentations from the Australian research community.

The formal Conference opens on Thursday 29 June at 6 p.m. with speakers from Reggio Emilia. There are two added extras offered on Thursday afternoon, so we recommend flying or arriving in Melbourne on Thursday morning and taking advantage of the Educational Encounters/Visits to centres or an Atelier Experience for those interested. These 2 extras are an additional cost, price to be confirmed. The Conference finishes at 5 p.m. on Saturday 1<sup>st</sup> July, followed by the Conference Dinner which is also an added extra for those interested.

### **Educational Encounters/Visits:**

The Educational Encounters are visits to places of education and care where participants can learn about how a setting (e.g. long day care, kindergarten/preschool and early years of school) is inspired by the research and work of Reggio Emilia in their context. The visits usually include; a welcome and tour of the setting, information about how the centre is inspired by the Reggio Approach and time for questions. Travel to the Educational Encounters will depart from the Conference venue (Melbourne Convention and Exhibition Centre) in the morning and afternoon.

### **Atelier Experiences:**

The Conference will also offer a range of inspiring interactive Atelier, or studio style experiences. Delegates will have the opportunity to register for these additional Conference experiences representing both visual and performing arts and which include Ateliers of sound, movement, voice, paper and clay. Morning sessions will run between 10am-12pm and afternoon sessions between 1.30-3.30pm.
